Hawk-id: A20588464

This screenshot shows the GitHub interface for the repository SPM587FA24 / SCM587FA24. The top navigation bar includes links for Code, Issues (43), Pull requests (19), Actions, Projects, Wiki, Security, and Insights. A search bar is present on the right. Below the navigation bar, there is a message from GitHub encouraging users to label issues and pull requests for new contributors, with a 'Go to Labels' button. The main content area displays a list of pull requests under the 'Pull requests' tab. The list includes details such as the number of open and closed pull requests, and a table of individual pull requests with their titles, authors, and creation times.

This screenshot shows the GitHub interface for the repository SPM587FA24 / SCM587FA24, specifically the 'Comparing changes' section. The top navigation bar is the same as the previous screenshot. Below the navigation bar, there is a message from GitHub encouraging users to label issues and pull requests for new contributors, with a 'Go to Labels' button. The main content area displays the 'Comparing changes' section, which includes a comparison between the base repository (SPM587FA24 / SCM587FA24) and the head repository (SFA24SCM64S2 / SCM587FA24). The comparison shows that the branches can be automatically merged. Below this, there is a section for 'Commits on Oct 23, 2024' which lists the changes made in the pull request. The changes are shown in a table with columns for the commit number, the commit message, and the commit hash. The table shows that the pull request includes 1 commit, 1 file changed, and 1 contributor.
